RE: 2009 CARL Research in Librarianship Grant

Mr. Giustini,

On behalf of the CARL Board of Directors, I am very pleased to be awarding you \$2,000 (Cdn) in funding to support your research application "Canadian academic librarians and their use of social media; a two-phase survey".

As described in the guidelines for grant applications, I would like to take this opportunity to remind you of the conditions of the Grant:

- the grant must be acknowledged in publications and presentations emanating from the research or development accomplished through the CARL Research in Librarianship Grant
- a report will be filed with the Canadian Association of Research Libraries within two months of the completion of the project or two years after receiving the grant, whichever is the shorter time period.

We look forward to your findings on academic librarians' use of social media, and what factors influence successful adoption of social media.

Good luck with your research.

Sincerely,
